## We Also Offer Following Services For Export Packing

### VCI Packing

VCI Packaging is an additive that can be brought into most common packaging materials. Once exposed to air, the additive will dissolve into the air and dispose itself as a thin layer on metal surfaces. this layer blocks the access of humidity to the metal and the process of corrosion is prevented.

### Vacuum Packing

The process of removing air around a product and then sealing that product in an impermeable package. Vacuum Packaging reduces product shrinkage. Vacuum packaging prevent moisture Evaporation. Vacuum packaging reduces trim losses by eliminating oxidation and freezer burn. vacuum packaging can enhance product quality.

### Fumigation Services ISPM-15

We also provide fumigation services to the clients as per ISPM 15 Standard We are expertise into Industrial fumigation services, Export Containers, 40 feet, 20 feet, GP.Container as per ISPM-15 Standard

We Also Provide Fumigation Services Certificate To Customers

### Heat Treatment ISPM 15

We are able to offer customer the latest heat treatment services to ISPM 15 "International phytosanitary Standard for wooden packaging". i.e. ISPM-15 Heat Treatment. Our all the products are heat treated for complete protection from termites and other wood bore insects. This ensures long time durability of our wooden pallets, crate and Boxes. We Also Provide Fumigation Services Certificate To Customers

### Lashing & Choking

We offer container lashing products such as Chord Straps, Nylon Straps, Ratchet Belts that helps choking the movement of the cargo in the container. We offer container lashing products at an affordable price, and they are durable and long lasting in nature. We provide products such as Wooden blocks, Lashing Material, Wooden Wedges, which help in choking the cargo inside the container. this assists in reducing and nullifying the damage done to equipment or material in the container.

## Palletization Services

Palletization services can be moved more quickly than by the manual handling of individual Palletization cartons. The Palletization services are designed for safe loading and unloading products. The variations offered by us are Pallet packing, Cargo Pallet Packing, Cargo Pallet, Export packing Pallet, Container pallet packing, Palletization Cargo, Pallet Packing.

## Pallet Chemical Treatment

Wood Treatment refers to protecting wood for damage caused by Insects, Moisture, and Decay Fungi. We are providing safe water with Water treatment technology.

## HDPE Tarpaulin Packing With Lashing

HDPE plastic that is highly appreciated by the clients for its durability, stunning design, consistent in weight and fine finish. They are fabricated using high grade material, which is procured from reliable vendors, moreover our extensive range is highly appreciated for their features and available in various Packaging as per our Clients specifications.

## Skid Packing

A Pallet sometimes called a skid is a flat transport that supports goods in a stable fashion while being lifted by a Forklift, Jack, Front loader or other types. Standard Packing, Specifications of the client Packing and storage in the containers packing.

## On Site Packing Services
